DEDICATED TO HELPING PEOPLE KNOW HOW MUCH FUN IT IS TO FLY KITES!

13th Annual Washington State International Kite Festival

By Lisa Iversen

LONG BEACH, WASHINGTON — Get those kite projects, banners, flags, line art, you've been working on all year and bring them to the beach! From August 15-21, the 13th Annual Washington State International Kite Festival is the place to show 'em off, share the air, and to see what the rest of the kite world has been working on! Whether you're flying, competing, or taking time to enjoy the events and sky art, you'll find plenty to enjoy because this week-long kite festival features exhibits, activities, a buggy demonstration, international guests, and is August's hub of kite excitement on the West Coast.

The World Kite Museum and Hall of Fame will exhibit a display "Sports Kites: A Quiet Riot," allowing visitors to discover the developmental history of the multi-line kite, take a look at competitive opportunities, and hear about power options in sport kiting. And the World Kite Museum offers dual line workshops and demonstrations on the beach daily during the festival.

Friday there will be a night fly featuring lighted kites and kites illuminated by spotlights. A fireworks show will begin at dusk.

Saluting the festival on Saturday, Joy Burtis and her Parachute Exhibition Team will open the recognition Ceremonies by "dropping in" at 10:00 a.m.

WSIKF features international guests from Europe and from Australia this year. The Decorators, a group of four kite fliers known for their showy sport kite routines will provide some very exciting entertainment. Felix Mottram, (England), Jacob Twyford, (England) Romney Johnstone (Scotland) and Johnny Claffey (Ireland) started out as dual-line competitors, but have truly found their niche as showmen.

A Line from the President: Pictures are worth a thousand words!

HE PROBABLY THINKS that all the photos he took for this issue got him off the hook for writing his regular "Line from the President" column. Not to complain, we really do have a lot of photographs from kite events held so far this year, so kick back with a cold drink and enjoy them! —Ed.

Ocean Shores Kite Festival Canceled

IN JUNE, the Cutting Edge Kites & Windssocks made the decision to cancel the Ocean Shores Kite Festival that was planned to be held August 13-14, 1994. Lack of sponsorship, cost, and low political support were the reasons behind the decision.

PIZZA PARTY, CONTINUED FROM PAGE 1

Please call me at (206) 863-8435 to let me know if you plan to attend. We also will have door prizes. We have a lot of excellent kitemakers in the WKA, so if you have something that you would like to donate please get in touch with me or Ken Conrad at (206) 624-6886.

We could use some volunteers to help set up, serve, and clean up, like last year. The help and donations are greatly appreciated.

From Australia, Tony Wolfenden will display his rokkaku and giant genkis forms that feature long tails and wings, emblazoned with his bold graphic design.

The Ilwaco Heritage Museum will feature a display commemorating the 100th Anniversary of the box kite, covering the evolution of this hard-working kite.

Record-setting will be featured on Sunday, August 21st; the goal is to break the Western Hemisphere record for the most kites in the sky at one time. A count will be taken from just South of 10th Street to the Chau-tauqua Lodge, north of the Bolstad Approach. Exact times will be announced. Also, a \$1,000 prize will be awarded for each existing Guinness Book of World Records kite record broken during the '94 WSIKF. Pre-registration of world record attempts is required.

Bugying at WSIKF

A BUGGY DEMO WILL TAKE PLACE Monday afternoon at WSIKF (depending on the weather). The buggy area will be roped off, so everyone will be sure to catch a glimpse of this exciting and active form of kiteflying!

Open bugying will be allowed in specific areas on the beach. Please check with officials for exact locations. If you bring your buggy, be sure to bring safety gear and use it!! Responsible and considerate bugying will go far to convince the city that allowing the buggy folks access to the beach is an idea whose time has come.

Just as an extra caution: remember the companies that rent horses to folks for beach riding may access these areas, so don't let your bugying activity spook the horses. The shadow or noise of the kite could spook a horse, so stop the buggy and allow horse and rider to pass safely.

Creating new kite flying fields at Magnuson Park

Come make a difference!

We've had some great clean-ups; we are making progress at recovering open space on Kite Hill. All who have helped really enjoyed seeing the improvements and "being a friend of the Magnuson park Kite Hill." We hope to clear the whole hill of Scotch broom by this fall, so next spring grass can grow back in the cleared areas.

Saturday, September 17 10 a.m.-3 p.m.

Sunday, October 2 10 a.m.-3 p.m.

Saturday, November 5 10 a.m.-3 p.m.

Come when you can, and stay as long as you'd like! We pull-out the 'broom' ...in any weather but a storm. call Ken or Suzanne for details, at Great Winds Kites, 624-6886

Dennis James (DJ) and Darryl Stephison lasso the offending broom.

With assistance from 4-wheel drive, the broom's pulled out in big chunks.

Great work, guys!

Preston Winery

THE PRESTON WINERY & Kite Social was held April 30, 1994. There was not much wind this year at the Preston Winery Festival, but the weather was fine, and over the two-day event, a lot of people turned out for the winery tours and remote control model car racing competitions.

Some of the kites flew briefly, but the light winds made it clear that for the most part, the event was going to stay grounded.

Creda Axton had her photo albums with her, which sparked some interesting conversations. If you get an opportunity to browse them, don't pass it up!

Yakima Valley Fullbright Park

THE 5TH ANNUAL Yakima Valley Kite Festival was held at Fullbright Park in Union Gap on June 11th, 1994.

According to Elizabeth Patch, a Yakima resident and kite enthusiast who attended the event, the Rokkaku Challenge was exciting to watch, but she particularly enjoyed the "Mystery Ballet" stunt kite competition, where competitors were given just a few minutes to prepare a ballet routine to accompany an assigned sound track.

Seattle Kite Festival

ANOTHER SOLID-GOOD festival in Seattle on Father's Day, June 19th: the Seattle Kite Festival and 6th Annual Demo Day was organized by Kathy Goodwind of Gasworks Park Kite Shop.

Good music, good weather, and lots of wind made the day very good indeed! A lot of people from the greater Seattle area took advantage of the opportunity to admire the ground displays and talk to stunt-kite professionals and retailers that gave the public an opportunity to test-fly the wide variety of stunt kites that were set up in several flying fields. Of course, the 40-foot gecko was very popular with the crowd.

Over 200 Tree Top barn-door kites were given away, and more than 200 Frustrationless Flyer Kites were donated by Great Winds Kites. The Frustrationless flyers were decorated and put together by parents and kids, thanks to Great Winds Kites, Tom Sisson, Sam Huston, and Mark Shogren.

Over \$450 was raised by sale of tickets for raffle items and the resulting amount was donated to the Northwest Brainchild Foundation.

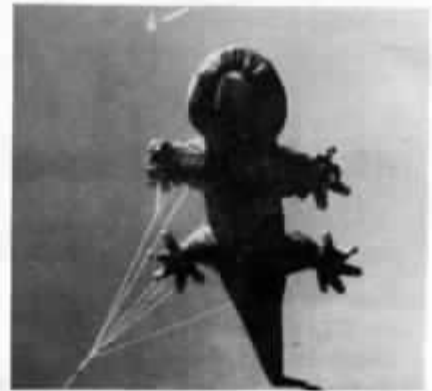

Special thanks from Seattle Kite Festival to the volunteers: Wedgewood Safeway, Great Winds Kites, Prism Kites, Skynasaur Kites, Spectra Star Kites, Spiders From Mars, KISW Radio 99.5, Revolution Kites, Park Kite Shop, Washington Kitefliers Association, Crystal Geyser, Mambo Socks, Michael Bader, Lisa Brooks, NW Brainchild Foundation, RAVADA, and to the staff and friends of Gasworks Park Kite Shop, Ian Ith, Corey Urbac, Jeff McCuslin, and Lewis Kostiew.

NW Stunt Kite Regionals

ON JUNE 26 & 27, NW Stunt Kite Regionals were held at Long Beach, WA. Registration began at 8:00 a.m. on a sunny Saturday morning and as a result of flagging winds, the competition lasted well into the afternoon.

The World Kite Museum hosted a reception Saturday evening, and Sunday found the schedule moving a little closer to "on schedule."
